

WEEE Directive 2012/19/EU

EMPUR® Produktions GmbH is a manufacturer of electrical equipment in accordance with Art. 3 Section 11 of the German Electrical and Electronic Equipment Act (ElektroG).

We are registered with the national register for waste electric equipment (EAR).

Our registration number is: WEEE Reg. no. DE75666981

Products that fall under the WEEE Directive are labelled accordingly – e.g. with the “crossed-out wheelie bin”.

NOTE: The product does not belong in the household waste!

Consumer information:

The ElektroG is the German implementation of the EU Directive on Waste Electrical and Electronic Equipment, or the WEEE Directive for short.

The ElektroG aims to achieve the following objectives:

- to protect public health and the environment from harmful substances resulting from electrical and electronic equipment and
- to reduce waste through re-use or recycling.

As a consumer, you can make an important contribution to implementing these objectives by correctly disposing of your old household appliances at your local recycling centres or commercial collection point.
